

Because you can't keep all your
problems bottled up...

EPOLEON[®]

The Absolute Deodorizer

...there's Epoleon®

Epoleon® produces the most scientifically advanced chemical neutralizers on the market today. Our products simultaneously react to a wide-range of odor causing compounds giving you the best results possible.

Non-toxic, biodegradable, and emulsifiable our formulas contain all organic ingredients which work to dissolve and neutralize malodors so that the source of the odor is eliminated, not simply hidden.

RECOMMENDED APPLICATIONS:

N 7 C

- Pesticides and herbicides
- Dead rodent and skunk odors
- Carpet cleaning and deodorizing
- Restaurant and household garbage
- Dump trucks
- Trash collection area
- Laundry services
- Industrial wastes
